## StoryPoint Dial My Call System

Interested in receiving recorded messages from the leadership team? StoryPoint Saline uses a call system that allows us to call all of the residents at one time. This system is typically used in case of an emergency, fire alarms, severe weather instructions, brunch reminders, etc.

Occasionally phone carriers will mark the number as a spam risk, it is important to save 734-295-1100 in your phone as StoryPoint to ensure you will receive the phone call. If you do not answer your phone when it rings, the message will go to voicemail.

If you are interested please call or let Sydney our Life Enrichment Director know at 734-295-1126 or email [sydney.stites@storypoint.com](mailto:sydney.stites@storypoint.com).
