March

Born in March

In astrology, those born between March 1–20 are Pisces, the Fish. Selfless, spiritual, and intuitive, Pisces are emotional, compassionate people, always willing to help others. Those born from March 21–31 are Aries, the Ram. Rams are go-getters full of enthusiasm, charm, and energy. They make dynamic pioneers and adventurers, undeterred when the going gets rough.

Full-Court Frenzy

The “Road to the Final Four” begins Tuesday, March 18. Sixty-eight of the country’s best men’s college basketball teams begin a three-week tournament known as March Madness, or the Big Dance. With so many games to follow, it’s common for fans to watch several games at once across channels.

The tournament is also significant for college basketball programs hoping to elevate their reputations. The NBA holds its draft three short months after the finish of the tournament. A college player’s performance can dramatically improve or impair his chances to sign with a professional team.

Notable Quotable

“The doctor of the future will give no medicine, but will instruct his patient in the care of the human frame, in diet, and in the cause and prevention of disease.”
